EDUCATION & HONORS

Indiana University, Luddy School of Informatics, Computing, and Engineering

Bloomington, IN

Bachelor of Science.

May 2028

Major: Cybersecurity & Global Policy

Minor: Central Eurasian Studies with Language

Honors and Awards:

- **Hudson & Holland Scholar:** Merit based program recognizing academic excellence and leadership
- **Provost Scholarship:** Awarded to students for excellent academic achievement throughout high school

TECHNICAL SKILLS

- **Security & Networking:** Nessus, Nmap, GoPhish, Arctic Wolf, Tanium, Wireshark, OWASP Top 10, NIST, CIS Controls
- **Programming & Scripting:** Python, SQL, Java, JavaScript, HTML, CSS
- **Systems & Tools:** Linux, Kali Linux, Git/GitHub, Windows, macOS, Terminal
- **Productivity:** Microsoft Office, Google Workspace

PROJECTS

Python Port Scanner | Python

- Built a Python-based tool to scan target IPs and identify open ports and assess potential attack surfaces on target systems

LLM Agent Security Lab | Python, Git, GitHub

- Developed a vulnerable and defended LLM-agent environment to evaluate indirect prompt injection, mock data exfiltration, system prompt leakage, and unsafe tool execution in a controlled sandbox.
- Included security guard rails outside the model, such as least privilege tool access, output encoding, and recipient restrictions.

PROFESSIONAL EXPERIENCE

Indianapolis Airport Authority | Indianapolis, IN

May 2026- Present

Cybersecurity Intern

- Support enterprise cybersecurity operations through vulnerability management, asset inventory oversight, risk assessments, and compliance-related security activities.
- Assist with SIEM monitoring, endpoint security management, threat investigation, and security awareness initiatives to strengthen organizational security posture.

Indiana University UIITS | Bloomington, IN

August 2026

Incoming Student IT Support

- Provide technical support for students, faculty, and staff across account, device, Wi-Fi, and software issues
- Document tickets, troubleshoot issues, and solve problems while following IU service procedures

ByteShield Solutions | Bloomington, IN.

August 2025 - Present

Contracted Security Solutions Specialist

- Conducted Nessus scans to find security weaknesses, reporting 35+ high-risk issues per project with 95% remediation
- Reviewed firewalls, devices, and network rules, reducing unauthorized access attempts by 40%
- Created phishing tests using Go Phish, helping reduce risky clicks by 45%

LEADERSHIP & INVOLVEMENT

Engineering Club | Bloomington, IN

April 2026 – Present

President

- Actively recruited and managed an executive board of 7 members and 400+ total members
- Lead the day-to-day operations of the club, planning events, running meetings, and keeping projects organized

Cybersecurity Club | Bloomington, IN

September 2024 – Present

Member

- Participated in hands-on cybersecurity activities including ethical hacking, threat analysis, and network defense
- Attended workshops on cloud security, ethical hacking, and malware analysis to stay up to date with evolving threats

CERTIFICATES

Google Cybersecurity Certificate | Coursera

October 2025

- Foundational training in network security, risk management, threat analysis and incident response
- Hands-on practice with tools including Linux, Wireshark, and SQL

LANGUAGES

Fluent in English & Turkish
